CADDO LAKE CHRONICLE

UPCOMING RAB MEETING

The next Restoration Advisory Board (RAB) meeting for Longhorn Army Ammunition Plant (LHAAP) will be held **IN PERSON**, on **Wednesday, July 21, 2021**

The next Restoration Advisory Board (RAB) meeting for Longhorn Army Ammunition Plant (LHAAP) will be held **IN PERSON**, on **Wednesday, July 21, 2021** from 5:00 – 6:00 p.m. at the **Caddo Lake State Park Group Hall** (note the change in meeting location) in Karnack, Texas.

Bhate Environmental Associates, Inc. (Bhate) is the contractor supporting the

Bhate Environmental Associates, Inc. (Bhate) is the contractor supporting the U.S. Army environmental restoration activities at the LHAAP and will be coordinating the RAB meeting. If you have additional items for the agenda, please provide to me at rose.m.zeiler.civ@mail.mil.

1. Meeting time is moved to 5pm to allow time following the meeting for a public meeting regarding the Proposed Plan for LHAAP-47 (more to come)
2. Park fees are waived. If someone is at the gate or you want a permit for the day, please let them know you are attending this meeting. Security will not be ticketing so feel free to drive directly to the hall if no one is at the entrance/office.

BABY PADDLEFISH HAVE ARRIVED!

We are so proud of our partnership with the **Shreveport Aquarium**. This high quality education about local resources reaches thousands of visitors each year. Being able to see our continent's oldest surviving species up close and personal is a rare opportunity.

RECENT QUOTE FROM THE SHREVEPORT AQUARIUM:

"With help from #caddolakeinstitute we rear these babies until they are ready to be released back into the Caddo waterways where they had almost completely disappeared. The Louisiana wetlands and their unique species are of global environmental importance. Getting to contribute to its diversity and health is an honor."

Click [here](#) for a video link to see their newest paddlefish babies!
